CALL FOR PAPERS
7th International Conference on Reliable Software Technologies - Ada-Europe 2002
17 - 21 June 2002, Vienna, Austria

General Information
The 7th International Conference on Reliable Software Technologies (Ada-Europe 2002) will take place in the year 2002 in Vienna, Austria. The full conference will comprise a three-day technical program and exhibition from Tuesday to Thursday, and parallel workshops and tutorials on Monday and Friday.

Schedule
<table>
<thead>
<tr>
<th>Date</th>
<th>Event Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>31 October 2001</td>
<td>Submission of papers, extended abstracts and proposals for tutorials and workshops</td>
</tr>
<tr>
<td>10 January 2002</td>
<td>Notification to authors</td>
</tr>
<tr>
<td>10 February 2002</td>
<td>Full papers required for accepted extended abstracts</td>
</tr>
<tr>
<td>10 March 2002</td>
<td>Final papers (camera-ready) required</td>
</tr>
<tr>
<td>17-21 June 2002</td>
<td>Conference</td>
</tr>
</tbody>
</table>

Topics
The conference will provide an international forum for researchers, developers and users of reliable software technologies. Presentations and discussions will cover applied and theoretical work currently conducted to support the development and maintenance of software systems. Participants will include practitioners and researchers from industry, academia and government. There will be a special session on embedded systems, including the use of Ada in this realm.

For papers, tutorials, and workshop proposals, the topics of interest include, but are not limited to:

- **Embedded Systems** (special session).
- **Management of Software Development and Maintenance**: Methods, Techniques and Tools.
- **Software Quality**: Quality Management and Assurance, Risk Analysis, Program Analysis, Verification, Validation, Testing of Software Systems.
- **Software Development Methods and Techniques**: Requirements Engineering, Object-Oriented Technologies, Formal Methods, Software Management Issues, Re-engineering and Reverse Engineering, Reuse.
- **Tools**: CASE Tools, Software Development Environments, Compilers, Browsers, Debuggers.
- **Applications** in Multimedia and Communications, Manufacturing, Robotics, Avionics, Space, Health Care, Transportation, Industry.
- **Ada Experience Reports**: Experience Reports from Projects using Ada, Management Approaches, Metrics, Comparisons with past or parallel Experiences in non-Ada Projects.
- **Education and Training**.
- **Case Studies and Experiments**.
**Program Committee**

Ángel Álvarez, Technical University of Madrid, Spain  
Lars Asplund, Uppsala University, Sweden  
Neil Audsley, University of York, UK  
Stéphane Barbey, Paranal AG, Switzerland  
John Barnes, UK  
Guillem Bernat, University of York, UK  
Maarten Boasson, University of Amsterdam, the Netherlands  
Ben Brosol, Ada Core Technologies, USA  
Bernd Burgstaller, Technical University Vienna, Austria  
Ulf Cederling, Växjö University, Sweden  
Roderick Chapman, Praxis Critical Systems Limited, UK  
Paolo Coppola, INTECS HRT, Italy  
Dirk Craeynest, OFFIS nv/SA & K.U.Leuven, Belgium  
Alfonso Crespo, Universidad Politécnica de Valencia, Spain  
Peter Dencker, Aonix GmbH, Germany  
Raymond Devillers, Université Libre de Bruxelles, Belgium  
Jesús M. González-Barahona, Universidad Rey Juan Carlos, Spain  
Michael González Harbour, Universidad de Cantabria, Spain  
Thomas Gruber, ARCS, Austria  
Helge Hagenauer, University of Salzburg, Austria  
Günter Hommel, Technische Universität Berlin, Germany  
Jan van Katwijk, Delft University of Technology, the Netherlands  
Hubert B. Keller, Forschungszentrum Karlsruhe, Germany  
Yvon Kermarrec, ENST Bretagne, France  
Jörg Kiemel, Swiss Fed. Inst.of Technology Lausanne, Switzerland  
Fabrice Kordon, Université P & M. Curie, France  
Albert Llamosí, Universitat de les Illes Balears, Spain  
Kristina Lundqvist, MIT, USA  
Franco Massanti, Istituto di Informazione, Italy  
John W. McCormick, University of Northern Iowa, USA  
Pierre Moree, Aonix, France  
Laurent Pautet, ENST Paris University, France  
Erhard Plödereder, University of Stuttgart, Germany  
Juan A. de la Puente, Universidad Politénica de Madrid, Spain  
Gerhard Rabe, TÜV Nord e.V., Hamburg, Germany  
Jean-Marie Rigaud, Université Paul Sabatier, France  
Alexander Romanovsky, University of Newcastle, UK  
Jean-Pierre Rosen, Adalog, France  
Bo I. Sandén, Colorado Technical University, USA  
Gerhard H. Schildt, Technical University Vienna, Austria  
Bernhard Scholz, Technical University Vienna, Austria  
Edmond Schonberg, New York University & ACT, USA  
Tullio Vardanega, European Space Research and Technology Center, the Netherlands  
Stef Van Vlierberge, Eurocontrol CFMU, Belgium  
Andy Wellings, University of York, UK  
Ian Wild, Eurocontrol CFMU, Belgium  
Jürgen Winkler, Friedrich-Schiller-Universität, Germany  
Thomas Wolf, Paranal AG, Switzerland

**Submissions**

Authors are invited to submit original contributions. Submissions should be in English. An extended abstract (4-6 pages) or, preferably, the full paper (up to 12 pages) should be sent using the Web submission form. For more information please see the conference Web page. Submissions should be in PDF, Postscript or ASCII format, and follow the LNCS instructions (see 'Proceedings' below). Submissions by other electronic formats, such as a word processor source file, or by fax are not accepted. The Web submission form is the preferred procedure. However, if you don't have access to the Internet, or you don't have an appropriate Web browser, you may send your extended abstract or paper by e-mail to the Program Co-Chair Johann Blieberger. If electronic submission is not available, please send five paper copies. For e-mail or paper submissions, the body of the electronic message or the first page should identify the submission as a paper or extended abstract, and should include in plain text: the title; name, current affiliation, postal address, e-mail address, telephone and fax of each author; the name of the designated contact person; a short abstract; and a list of keywords ordered by relevance, including, whenever possible, topics and subtopics taken from the list of topics of the conference. If the paper is submitted in Postscript, please be sure to select the option "optimize for portability" in your printer driver. To enable publication of the accepted papers before the conference, strict adherence to the dates of the schedule is essential. Authors of extended abstracts must be prepared to submit a full version of their paper before February 10, 2002.

**Proceedings**

The proceedings will be published in the Lecture Notes in Computer Science (LNCS) series by Springer Verlag, and will be available at the start of the conference. See the LNCS Authors Instructions page for guidelines (http://www.springer.de/comp/lncs/authors.html).

**Awards**

There will be honorary awards for the best paper and the best presentation.

**Call for Tutorials**

A tutorial should address any of the topics of the theme of the conference. A tutorial will last a half or full day. The proposals should include a title, an abstract, a description of the topic, a detailed outline of the presentation, a description of the presenter's teaching experience in general and with the proposed topic, duration (half day or full day), level of the tutorial (introductory, intermediate, or advanced), expected audience experience and background. Proposals should be submitted by e-mail to the Tutorial Chair.

**Call for Workshops**

Half- and full-day workshops can be held to address timely issues or to initiate a longer term effort on a topic of interest. Proposals should be submitted by e-mail to the Program Co-Chair Alfred Strohmeier.

**Exhibition**

The conference will be accompanied by a three-day commercial exhibition on June 18, 19 and 20. Vendors of software products and services should contact the Exhibition Chair at their earliest convenience for further information and to ensure their inclusion.
